

# RIGHT ON LIBRARY AUTOMATION SOFTWARE

For more than **30** years, The **AFFORDABLE ALTERNATIVE™** in automation software for libraries, and libraries in schools, churches, synagogues, offices and homes.

## CATALOG CARD CREATOR

**STOP...** Typing card after card after card. Type once

**STOP...** Erasing and whitening out and ripping up

**STOP...** Storing thousand of used cards in your bottom drawer

### PRINT...

Perfect sets of cards

SEE and see also cards

Perfect spine, book pocket and book card labels

### PRINT...

Only those cards you want and use

As many sets as you need

Utilize the advantages of the computer to create perfect catalog cards. Many libraries are not yet ready to automate their collections, and often their library patrons are not ready to “become automated” either. In many cases some older library users just don’t want to make the transition from the 3 x 5 cards they know and love to computer searching. And, if you want **CATALOG CARD CREATOR**, you have your own reasons for choosing a card catalog instead of a computer catalog.

**CATALOG CARD CREATOR** is affordable, easy to learn and use. It is the perfect card creator software. The template on the screen asks for all the information needed. You type the information into the spaces provided. Corrections are made with the touch of a key.

### PROGRAM FEATURES:

Create author, title, subject and series cards and more

Depending on what you want,, the program will print one, two, or more catalog cards.

Choose your type style and print size for all cards. Select from 8 point all the way up to 24 point.

Create only those cards you want and need in your library. No wasted cards.

Print SERIES cards as well as SEE and see also cards.

Print LABELS for spine, book cards and book pockets.

Print a complete list of SUBJECT headings for reference.

No formatting for printing. Print on desk jet or laser printers

**RUNS ON WINDOWS 98, 2000, XP, XP PRO, VISTA, Windows 7 Pro, and Ultimate**
